San Francisco ESTUARY PARTNERSHIP

ARTIST IN RESIDENCE

The Estuary Artist-In-Residence

Campaign Design / Website Development / Launch Support

Presented by Lidia Daneshvar

The Campaign

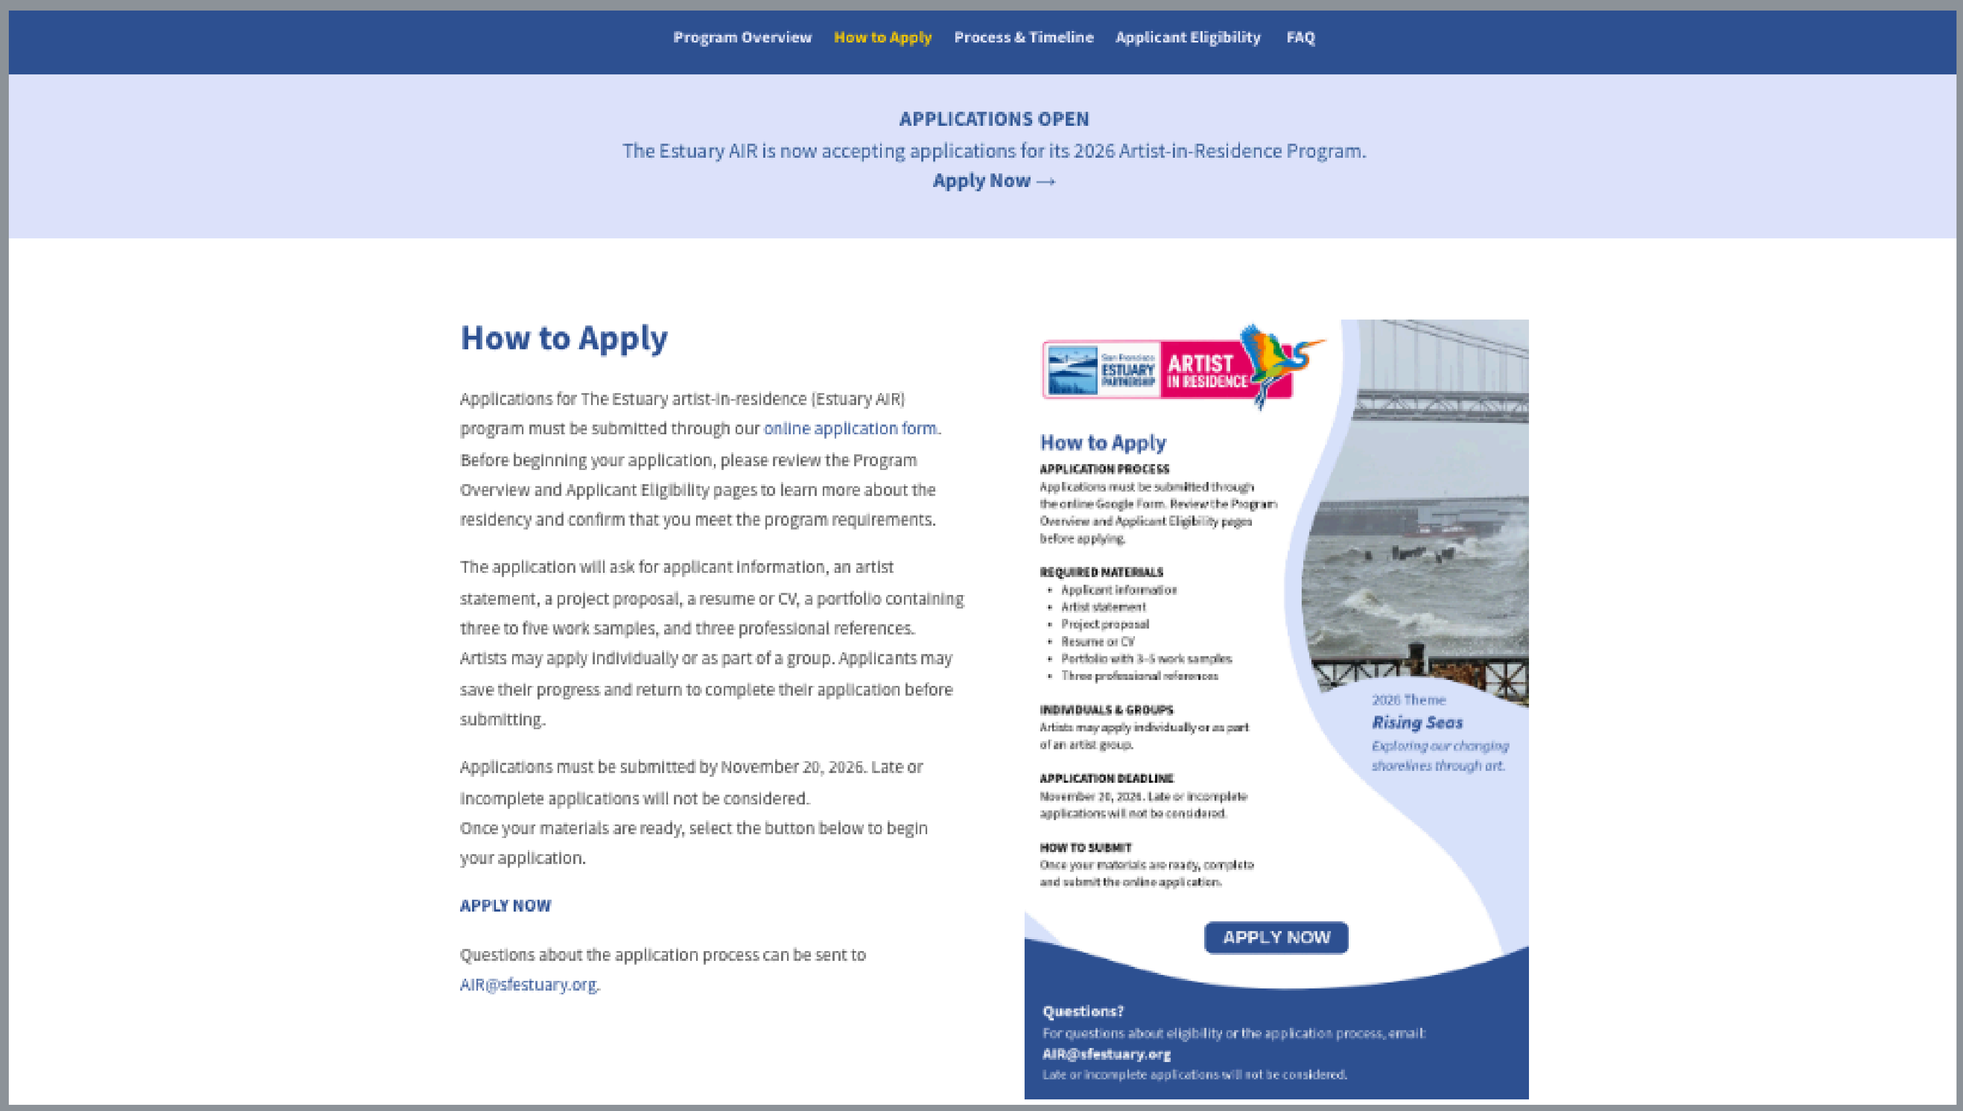

Art X Enviorment X Community

The San Francisco Estuary Partnership's inaugural Artist-in-Residence program brings together art and environmental awareness. Its 2026 theme, Rising Seas, explores the impacts of sea level rise on the Bay Area's changing shorelines through art.

Website Development

Developed and updated five program webpages in WordPress, improving navigation and access to application information.

Promotional Design

Designed promotional flyers for the 2026 Estuary Artist-in-Residence campaign, highlighting the Rising Seas theme, application requirements, and key program details. Maintained consistent branding and clear visual communication across campaign materials.

Campaign Launch

Supported the launch of the 2026 Estuary Artist-in-Residence program by developing webpages in WordPress, creating the application form in Google Forms, and designing promotional materials using Canva and Figma.

Helped coordinate digital outreach across Instagram, LinkedIn, and Facebook through Hootsuite, ensuring consistent messaging and an accessible application experience.
